**WE ARE WORKING FOR  
A MORE LIVABLE WORLD**

**ENVIRONMENTAL POLICY  
OF B+N HUNGARY LTD**

B+N Hungary Ltd. is committed to environmental protection, the prevention and reduction of environmental impacts, as well as to responsible and sustainable operations. We believe that the conscious management of the environmental impacts of our activities is a fundamental requirement for long-term viability and corporate social responsibility.

The foundation of our environmental management is the regular identification, analysis, and evaluation of environmental aspects and impacts. Based on these assessments, as well as lessons learned from operations and incidents, we define our short- and long-term environmental objectives and ensure their implementation.

We strive to apply a life-cycle approach when defining processes across our entire supply chain. With this in mind, we aim to use resources efficiently, apply environmentally friendly materials and solutions, reduce waste generation, and ensure the safe and compliant handling and recovery of generated waste.

We are committed to preventing environmental pollution, reducing the use of hazardous materials, and applying environmentally friendly solutions and alternatives. The handling and storage of chemicals are carried out within controlled and regulated frameworks to reduce environmental risks.

During the operation of facilities, vehicles, and machinery, we take environmental considerations into account and implement targeted measures to reduce harmful emissions and environmental risks.

We support environmentally conscious operations through employee involvement, as well as through training and internal communication, as we consider environmental protection to be a shared responsibility.

B+N Hungary Ltd. is committed to complying with applicable legal and other environmental requirements, as well as to the continuous improvement of its environmental performance.

Our environmental activities are carried out in compliance with applicable legal requirements, as well as the principles and requirements of the MSZ EN ISO 14001:2015 standard.

This Environmental Policy is regularly reviewed, and its contents are communicated to employees. Familiarity with and compliance with the provisions of this policy are mandatory for all employees of B+N Hungary Ltd.
